

Comfortable Amenities & Support Services

Nutritious Dining Options

Our culinary team, supported by our dietitian, provides delicious meals focused on quality, taste and nutrition.

Supportive Spaces

Relax in inviting lounges, the 1702 Bistro, quiet reflection areas or our secure outdoor courtyard. These spaces offer opportunities to enjoy activities and connect with others.

Financial Information

Medicare and most private insurance plans help cover rehabilitative care. Our team can advise on your coverage and financial obligations. For long-term care, we accept private pay or LTC insurance, and can assist with applying for Medicaid if needed.

Connection to Hillcrest Services

As part of the Hillcrest family, residents have priority access to Hillcrest's other services.

Learn More About Our Care

If you're exploring short-term rehab, long-term care or secure memory care options, we're here to support you every step of the way. Contact us to schedule a visit, ask questions or learn more about our compassionate services.

POST-ACUTE REHAB & LONG-TERM CARE

Focused on Recovery & Quality of Life

At Hillcrest Health & Rehab, our team is dedicated to helping you regain strength, confidence and independence after a hospital stay, surgery or illness. Guests often describe their stays as uplifting and supportive because they feel cared for by a team that truly wants them to succeed.

Whether you need a short-term rehabilitation stay or long-term nursing care, we offer a warm, welcoming environment designed to help you feel safe and encouraged to succeed in a community that feels like family.

Personalized *Care Planning*

Your care plan is tailored to your goals and medical needs. Our integrated team works closely with you and may include:

- Physicians and nurse practitioners
- Licensed nurses and certified assistants
- Therapists
- Social workers
- Dietitians
- Other clinical specialists as needed

We support a wide range of recovery needs including post-operative care, joint replacement, stroke recovery, cardiac rehab, general weakness and recovery from illnesses.

Your social worker will keep you informed about progress, help plan for discharge, and arrange for certified home health, outpatient therapy or other Hillcrest services as needed.

Your Path to Recovery

Our therapy services are designed to help you reach your highest level of independence and return home safely. In our spacious rehabilitation gym, you'll work with physical, occupational and speech therapists on personalized exercises to improve mobility, strength, balance and daily functioning.

Therapy may be challenging at times, but we'll be with you every step of the way — encouraging your progress and celebrating each milestone as you work toward a safe and confident return to the community.
