

*"Give a little.
Get a lot."*

VOLUNTEER SERVICES

Join Our Family of Volunteers

Visit HillcrestHealth.com to explore our services and locations, and complete the Request Information form on the Volunteers page to begin the process of becoming a helpful volunteer.

Once we reach out to discuss your interest and opportunities with you, we'll invite you to complete an application and background check to ensure the safety of our residents and patients. As a new volunteer you will receive training and support as you work with our aging adults. We look forward to meeting you!

Make a Difference

Two Great Options for Volunteers

Community Volunteer Program

Hillcrest has many opportunities for individuals or groups to share their time and talents at our assisted living, memory care and nursing care communities. We especially welcome younger volunteers from schools, churches and youth groups to take part in intergenerational programs.

Volunteers connect with our communities through:

- Musical entertainment
- Nail painting
- Bible study
- Life stories
- Chaperoning outings
- Leading chair exercises
- One-on-one companionship visits
- Assisting with arts and crafts projects
- Administrative support

Commitments for community volunteers range from one-time events to longer-term commitments that fit the volunteer's preference and availability.

Hospice Volunteer Program

Hillcrest Hospice offers a holistic approach to end-of-life care and promotes the dignity and quality of life of aging adults. As a Hospice volunteer you can provide support for patients and their families when they need it most.

Some of our special Hospice programs include:

- **One-on-one Visits** - Providing conversation, companionship and other talents.
- **No One Dies Alone** – An on-call program that provides the reassuring presence of a volunteer companion to dying patients who would otherwise be alone.
- **Veteran-to-Veteran** – A program pairing veteran volunteers with patients who also served their country. Volunteers participate in pinning ceremonies and special recognition on occasions such as Veterans Day.
- **The Life Stories program** – Volunteers capture cherished and memorable stories so patients can give their families the gift of their legacy.

Volunteering with Hospice not only impacts the lives of patients and their loved ones, it will change your life too. Being a Hospice volunteer requires a longer commitment than a community volunteer due to the extra training provided, but the rewarding feeling you'll experience makes it all worth it.

Experience the Reward

If you're seeking ways to give back to your community, spending your time and energy serving older adults is one of the most engaging and enjoyable ways to volunteer. Our volunteers constantly tell us their experience has had a greater impact on their life than those they serve. We hope you'll join them.
